

Truvelo CMS 14,5x114mm

The 14,5x114mm is primarily designed as an anti-material sniper rifle. A variety of ammunition is available that can engage medium to heavy armoured vehicles and communication and guidance systems. This rifle can be used for long range anti-material capabilities due to its impressive calibre. This Platform can also be mounted onto a tripod with integrated mounting points. Design features include a fully adjustable recoil assembly, adjustable grip, adjustable cheek piece, stanag picatinny rails.
